

~~NAME~~

## T WITH NO ~~NAME~~

There's really nothing quite like a T-shirt, that's probably why around 1.5 billion T-shirts are sold each year. We here at T With No Name like to call it the 'divine invention'...

Really, the only thing better than a T-shirt is a quality T-shirt or better still, a selection of day-to-day wearable apparel that's made of premium cotton and fits you just right.

Lets be honest, we're not here to reinvent the wheel but we are here to make hella good garments.

T With No Name, we make quality blank apparel, you do the rest.

# CUSTOM DYE

Please email through for a quote

Other than our premium stock colour garments, here at T With No Name we offer another exceptional service...

A selection of our most popular TWNN styles are available to custom dye!

This service is particularly aimed at retailers, brands and marketing companies who are wanting to offer their customers something a little different.

Giving them creative control over the garment. Just choose the TWNN garment you would like dyed, give us any pantone "TPX" or "U" number and let us create a sample for you.

Furthermore, we can create special washes for your garments; acid, enzyme, pigment, tie dye... From a crisp and clean finish to a vintage lived in feel, the possibilities are endless.

Production only takes 2 weeks and it's all done in Melbourne, Vic.
